List of Figures

Chapter 1

The Why

1.0.1 Creating a preview image

See also: <http://dl.dropbox.com/u/6213850/WebGL/nyanCat/nyan.html>

[...] people don't
buy what you do.
people buy why
you do it!

1.0.2 Setting up TeXworks for LaTeX documentation

Microsoft Visual Web Developer 2010 Express needs some additional configuration. While creating new commands in latex one needs to remember they cannot have numbers in the name.

Chapter 2
